<b>TOTAL:</b>		<b>R18 400 (\$1540)</b>	
Each learner	R400/p/= 6800	<b>R11 600 (\$967)</b>	

Purpose of trip: Very few of our students have been further than 50Km's from their home. Family trips or holidays just don't exist due to extreme financial constraints. For most of our children, they are the first in their family to go beyond the local area to other parts of the country. We have found the trips to not only be educational, but open up a whole new world for them; they expand their dreams to be bigger than just their local community which is often rife with difficulty and heartache. We want our kids to dream as big as God's dreams for them and we feel these annual trips help them to see the possibility outside their small frame of reference.

We need to raise the funds for them to go as neither the parents or the school have the money to cover the expenses. God has miraculously and faithfully provided every year for our kids to go on these spectacular outings. We believe this year will be no different. Please consider giving towards this venture. Thank you.
