

## BUDGET FOR THE NEW CLASSROOM BLOCKS

We will build a Grade R&1 classroom block that will have a bathroom in between the 2 classes.

The 2<sup>nd</sup> classroom block will accommodate the Gr 6-9 classes.

We have not yet put together a new budget/quotation for our 2 new classrooms. We built the first classroom block in 2014 and it will be the same plan as the new one which will house the Grades 6-9. The cost of that classroom was R670 000 (\$56000). We expect the new one to be slightly higher due to inflation.

We will post the new quotation as soon as we get them. Please be praying for God to provide for these new classes. WE ARE LOVING the new one finished in 2014.
